(Copy of resolution and correspondence submitted to each Member of the Council).

Council Member Tucker stated this tax abatement does not comply with New Jersey State Statutes.

Council Member Tucker, through the Chair, directed Deputy City Clerk Wallace to read various statements and letters into the record:

The NEDC applicant requests use of the formula, according to New Jersey Statute 48:20-12 (B) (1), which is for long term commerce project with annual service charge of 15 percent annual gross revenue for a term of 15 years. The NEDC recommends approval based on this formula. The Certificate of Limited Partnership was approved on November 17, 1997. The term is for 15 years from the issuance of C.O.

The architect estimates cost as \$41 million and the recommendation from the mayor is favorable. The annual service charge is estimated as follows: For the first year, \$330,000. The fifth year, it will go up to \$855,000. The minimum service charge is set at \$413,330.

CHAIRMAN TUCKER: On the minimum payment, are you familiar with the fact that the statute requires the minimum payment, which is the amount of taxes that you are currently paying now, so that the tax abatement cannot go lower than that amount, even though

you don't have the building totally occupied at this point in time? Our review of your financial formula indicates that, in the first year, you should be paying the City \$330,000.00 because the statute requires a minimum payment. At first year, instead of paying \$330,000.00, you'll still be paying your minimum payment of \$413,330.00.

UNIDENTIFIED SPEAKER: Yes, we understand that.

CHAIRMAN TUCKER: Okay.

UNIDENTIFIED SPEAKER: Our understanding is that upon 85 percent occupancy or the passage of five years, the payment in lieu of taxes will be assessed and, prior to that, we would continue to pay our taxes, based on the current assessment.

CHAIRMAN TUCKER: No, it would be ... what will happen is that, in your first year of operation, at the end of your first year of operation, once you are in receipt of the tax abatement, what will happen is that the tax abatement unit of Newark government, will be requesting from you a certified audit of all income and expenditures on there.

Once we are in receipt of the audit, then we would notify you of the 15 percent of the gross income, accordingly. So it's not that we would wait until the fifth year. It will happen, actually will take place, in the first year.

February 19, 2003

Council Member Tucker, through the Chair, directed Deputy City Clerk Wallace to read the following into the record:

The 15% payment in lieu of taxes to the City of Newark for the first year would be assessed against the rental received by Applicant from its affiliate for the space presently occupied, which consists of 39% of the projected gross rent for the project. Commencing with the second year and for each succeeding year, the 15% payment in lieu of taxes would be assessed against the rental received by Applicant for the space actually occupied during said year, until the full service charge is assessed during the fifth year. Upon attaining an 85% occupancy rate, the full payment in lieu of taxes would become due immediately at that time. The applicant has represented that this formula will yield an annual in lieu of tax payment of no less than \$388,480.

Council Member Tucker, through the Chair, directed City Clerk Staff Member Laboy to read the following letter dated December 16, 2002, from Council Member Tucker to Corporation Counsel JoAnne Watson and October 31, 2002, from Mr. Arthur Stern to Deputy City Clerk Wallace; letter from Deputy City Clerk Wallace to Mr. Arthur Stern, Cogswell Realty Group, LLC; letter from Frank E. Ferrugia and memorandum from Corporation Counsel Watson dated February 19, 2003 and letter from Mayor James into the record:

Dear Ms. Watson:

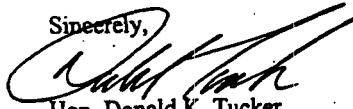

Please be advised that the Newark Municipal Council Tax Abatement Committee is currently reviewing the final computation of the Fox Land's tax abatement of 744 Broad Street. Frank E. Ferrugia of McCarter & English LLP represents Mr. Arthur Stein of Cogswell Realty Group L.L.C. on this matter.

Enclosed, you will find a series of letters from the following:

A letter from Frank Ferrugia of McCarter & English LLP
A copy of the City Council Resolution dated May 2000
A letter from the Deputy Clerk, Claude Wallace to Mr. Stein
A letter from the former Deputy Mayor Al Faiella
Letter from Samuel Klein & Company, Certified Accountant
for the Municipal Council

The letter of April 10, 2001 from Mr. Faiella to Boston Financial seems to go above and beyond the language of the State Statute especially as relates to issues of square footage. Therefore, I am officially requesting a written legal opinion of the Fox Land tax abatement statute in the light of the Cogswell Realty Group LLC's Position.

Sincerely,

Hon. Donald K. Tucker
Councilman At Large

Re: 744 Elroy Urban Renewal Investors, L.L.C. - Master Lease

Dear Mr. Stern

The Tax Abatement Committee is currently reviewing the information submitted with regards to the above captioned matter.

However, in order to complete the review of this master lease structure, it is requested that the following additional documentation be provided:

- 1) Copy of all leases and subleases or an abstract of all leases. If an abstract is provided, it should identify all monetary rents and sources of renovation to the landlord, as well as the basis of the rent revenues whether gross or net rents.
- 2) Copy of the certified financial audit for the project.
- 3) Report on Affirmative Action Compliance for the project.

Once this information is submitted to this office, the Tax Abatement Committee will reschedule this matter for further discussion.

Your anticipated cooperation is very much appreciated.

Very truly yours,

Claude L. Wallace

Re: Cogswell/744 Broad Street

Claude L. Wallace
Deputy City Clerk
920 Broad Street
Newark, New Jersey 07102

Dear Mr. Wallace:

This letter is in response to your letter of October 31, 2002 to Arthur Stern requesting additional documentation in conjunction with the Tax Abatement Committee's review of the master lease structure.

While the owner of 744 Broad Street will fully cooperate and produce the requested materials if necessary, we respectfully submit that the information sought is irrelevant to the legal issue of the validity of the master lease, and further, the public production of these materials could do great harm to the owner.

The requested factual materials, namely lease agreements and certified financial statements, are not directly relevant to the legal issue as to whether a master lease structure is proper for an exemption granted pursuant to the Long Term Tax Exemption Law, N.J.S.A. 40a:20-1 et. seq. ("Long Term Law").

Furthermore, the leases contain confidential business information relating to the bargain struck between the owner and the tenants. If this information were made public it would adversely affect the owner's ability to economically compete with other landlords with space to lease in the central business district, and to negotiate with existing tenants.

Consequently, the owner requests the Tax Abatement Committee to complete its review of the master lease structure without requiring the harmful disgorging of the leases and financial statements.

Finally, we enclose a letter dated April 10, 2001 from former Deputy Mayor Alfred L. Faiella. We hope this will assist the Committee in its review. In that letter, Mr. Faiella indicates that the owner intends to utilize a master lease of the subject property and that the City agreed to the master lease concept. Mr. Faiella further states that the City and the owner negotiated and agreed on a master lease assuming a rent of \$15.00 per square foot of the useable space at the subject property and predicated the payment in lieu of taxes under the long term abatement on such a lease. The City agreed to this structure, according to Mr. Faiella, to gain additional taxes and to give the developer a fair and competitive advantage to market and rent space.

Once again, with respect to the leases, the intention is to fully cooperate with the City Council to address any concerns that may arise. Please keep in mind that Cogswell is seeking to keep this material confidential because of its concern over the possible disclosure of the information contained therein. This is especially the case in today's depressed marketplace. Furthermore, many of the tenants require that their lease not be disseminated or the terms disclosed without their consent. Kindly advise whether the Tax Abatement Committee will agree to complete its review without the necessity of the owner producing leases and financial statements. Cogswell is in the middle of a refinancing and needs this determination as soon as possible. I look forward to your response.

Respectfully submitted,

FRANK E. FERRUGGIA

MEMORANDUM OF LAW

TO: ROBERT P. MARASCO, CITY CLERK
FROM: JOANNE Y. WATSON, CORPORATION COUNSEL
DATE: FEBRUARY 19, 2003
RE: 744 ELROY URBAN RENEWAL INVESTORS, LLC

This memorandum is in response to the December 16, 2002 letter from Councilman Donald Tucker and recent discussions regarding the Tax Abatement Agreement for 744 Elroy Urban Renewal Investors, LLC. Councilman Tucker initially requested a legal interpretation of the Long Term Tax Abatement Law as it related to the lease agreement submitted by 744 Elroy Urban Renewal Investors, LLC for approval. It is my understanding that the request for a legal opinion was based in part on the recent Tax Court decision in Township of Secaucus vs. Jersey City. In that case Secaucus challenged the tax abatement agreements granted in Jersey City because the City did not pay County taxes on tax abated properties. The Tax Abatement Agreement was upheld. However, the Court held that Jersey City's entitlement to excess profits was not limited by the lease between the Urban Renewal Entity and an affiliate.

The Court ruled that, the definitions in the tax abatement law "... reflect a legislative understanding and intent that revenue to be included in calculating net profit is that generated by the project, including rents from tenants of the project. The definitions do not contemplate that project revenue may be artificially limited by virtue of a leasing structure under which an entity other than the urban renewal entity operates and leases the project."

The Jersey City case is similar to Newark inasmuch as there is a lease with the Urban Renewal and an affiliate and the annual service charge is based on that lease agreement.

It should be noted that this is a trial court decision which is non-precedential. Therefore, Newark is not obligated to make any adjustments. I understand that the case will be appealed to the Appellate Court and potentially the Supreme Court. I recommend that the Municipal Council should not take any action based on this decision.

The question then becomes what did the Municipal Council approve in 2000. Based on the documents reviewed, I find the City was aware of the lease between the Entity and its affiliate (see Exhibit A). The tax abatement application included a proposed lease agreement with a schedule of rents. In fact, it appears from the Financial Agreement that the service charge was based on the rentals received by the Urban Renewal Entity. (See Exhibit B).

I find that there is support in the file for the Urban Renewal Entity's position and the Municipal Council could elect to approve the lease subject to a future ruling by the Appellate Division and any legislative amendments.

Enclosed is a proposed resolution, which approves the master lease submitted by the 744 Elroy Urban Renewal Investors, LLC.

If you have any questions, please advise.

RE: LONG TERM TAX EXEMPTION
744 ELROY URBAN RENEWAL INVESTORS, LLC
(HEREINAFTER "ENTITY" OR "APPLICANT")
736-752 BROAD STREET AND 18-22 COMMERCE STREET
BLOCK 145, LOTS 1, 17 & 78

Dear Mr. Marasco:

I have reviewed the Application, Financial Agreement and related papers submitted by 744 Elroy Urban Renewal Investors, LLC, for the proposed rehabilitation of a commercial building. The project involves an existing office tower that is commonly known as 744 Broad Street. The building is partially leased to professional service companies and associations, and retailers. A substantial portion of the property has been vacant for several years.

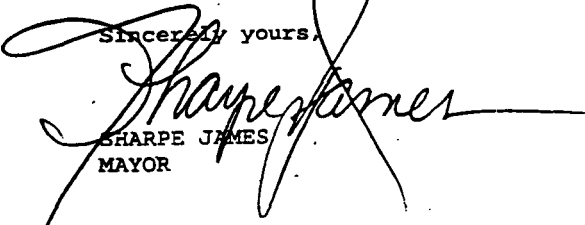

The applicant represents that the building will be retrofit with the amenities of 21st century technology while preserving the historical integrity and significance of the structure. The proposed plan, as more specifically set forth in the application, includes new street level façade improvements, new signage along the outside retail level, and a redesign of the lobby and entries. High speed elevators will replace the old system and the stairs will be renovated throughout the building. All windows will be replaced. Furthermore, all internal systems will be replaced and upgraded, including the electrical, plumbing, heating, ventilation and air conditioning systems. Also, the fire alarm system will be upgraded and new sprinklers will be installed.

The total cost of the project is estimated at \$41,000,000. Based on the 15% formula, the annual service charge for the first year of the exemption is estimated at \$330,111. By the fifth year, it is estimated the service charge will escalate to \$855,850. The tax levied during the last full year the property was subject to taxation is \$413,330, which is established as the minimum annual service charge.

The applicant estimates that 300 jobs will be created during the rehabilitation, and, 70 employment positions will be established after completion.

I believe this project is a desirable improvement in our City. Therefore, I recommend that Long Term Tax Exemption be favorably considered by the Municipal Council; provided that all conditions and legal prerequisites have been satisfied.

Sincerely yours,

SHARPE JAMES
MAYOR

RE: RESPONSE TO MUNICIPAL COUNCIL INQUIRY
RESOLUTION AUTHORIZING THE SOLICITATION OF SEALED BIDS FOR
LEASING OF 237- 243 SOUTH STREET A/K/A 271-281 THOMAS STREET

March 5, 2003

I am responding to the Municipal Council's inquiry regarding the solicitation of bids to lease property at 237-243 South Street, which is located in an area that is being considered for a replacement school.

The State Operated School District for the City of Newark has advised the City that they are in the process of making a final choice for a replacement school; however, because of the large volume of residential and commercial acquisition required in this area, this is their third option and they are of the opinion that this will not be their final choice.

Therefore, until a final decision has been rendered by the School District, the City desires to lease the property as opposed to selling it. Should there be a need to use the land for an alternative purpose the lease provides for a 90-day termination clause.

Lastly, if the Municipal Council accepts this resolution we are requesting that the following changes be made in an effort to advertise pursuant to N.J.S.A 40A:12-14 (a); change the seal bid date of March 12, 2003 to March 24, 2003 and change the return date to the Municipal Council from March 19, 2003 to April 2, 2003.
